Lander Street Water Renewal Facility
790 Lander Street
Boise, ID 83703

The **Lander Street Water Renewal Facility** was built in 1948 and treats 10 to 12 million gallons of used water each day.

CITY of **BOISE**

LANDER STREET

Water Renewal Facility
(formerly referred to as Lander Street wastewater treatment plant)

The City of Boise is planning to replace aging equipment, expand treatment capacity and add sustainable water renewal practices at the Lander Street facility over the next several years.

Please join us for a community workshop to give input about the improvements and potential changes to the area.

COMMUNITY WORKSHOP #1

June 7, 2017 | 790 Lander St.
Arrive anytime between 4 p.m. - 7 p.m.
Formal presentations begin at 4 p.m. and 6 p.m.
